

Revision

1. Post-it Notes: write key points and stick them up *all over your house*.

3. Flash Cards

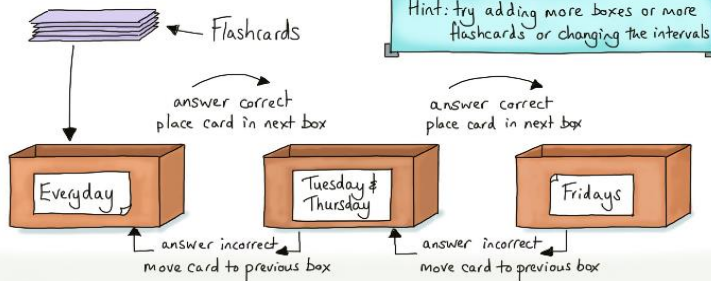

- On the front write a question, key word or prompt
- On the back, write the info you need to memorise

LEITNER Flash card method

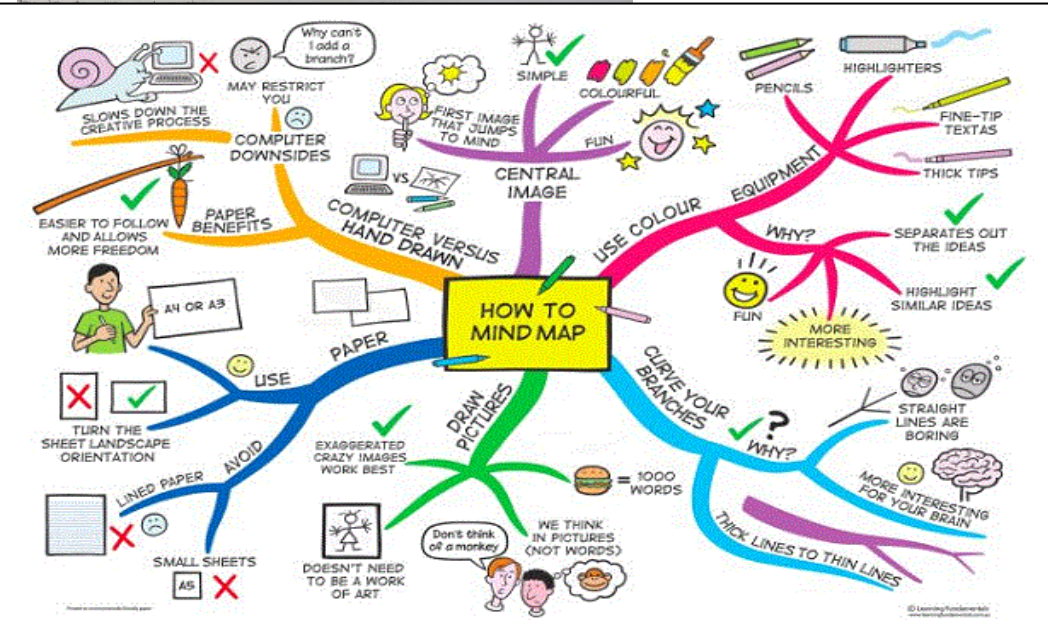

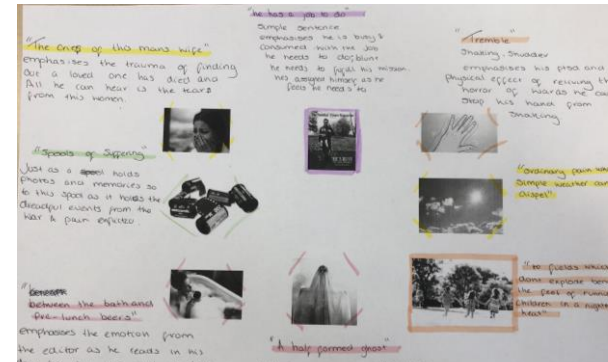

@Impact Wales

An effective use of flashcards to prompt & recall learning using spaced practice proposed by Leitner in the 1970s. It focuses on the proficiency of recall of the learner. Information which is easily recalled has a longer time lapse before the next recall opportunity.

4. Knowledge Organisers

Create some knowledge organisers: mind maps, diagrams, graphic organisers.

Remove all distractions. PUT YOUR PHONE AWAY!

Cramping the night before isn't as effective as regularly revisiting and relearning the information!
