

Students can download the **FREE** apps below to their smartphone or tablet and sign in to the Microsoft Apps using their GLOW login details. These useful apps will allow pupils to access class resources, assignments and will provide useful tools to support learning. Students can request their GLOW details [here](#).

MICROSOFT TEAMS

Teachers will create Teams for their classes. Useful resources will be uploaded to class Teams for pupils to access at home. Assignments can be completed on Teams. This is also where live video lessons may take place. Pupils can interact with their teachers and each other by posting questions. Each year-group will also have a Team where important information will be shared with pupils. *To ensure that pupils keep up to date with their Teams they must turn on the notifications for each Team*

MICROSOFT

OUTLOOK

This app will allow pupils to access their GLOW (school) email on their

MICROSOFT

ONE DRIVE

One Drive is pupil's school cloud storage. Pupils can upload files to here to allow access to files at school and at home

MICROSOFT

OFFICE

This app combines Word, PowerPoint and Excel to allow pupils to create and edit files from Microsoft Teams. Pupils can also download the individual Word, PowerPoint and Excel apps to

OFFICE LENS

This app allows pupils to scan written work, turn an image into a document and so much more! Immersive reader can also be used in this app by taking a photo of printed text and uploading it to this app.

Immersive reader is a tool that will read aloud text to users, it has a range of useful features to support learners.

MICROSOFT

ONENOTE

OneNote is a digital jotter where pupils can complete tasks, take notes and keep all of their work in one place. Pupils can upload files, link to websites and insert audio descriptions easily using OneNote. Teachers can view pupil work and give feedback.

QUIZLEY

An app that gives pupils access to ready made flashcards and the option to make their own.

KAHOOT
