

National 5 Support Videos and Links:

This pack contains many useful links to different websites that have videos, PowerPoint presentations and notes. You will also find the course outline and your login details for mymaths in the Files folder on TEAMS.

If you are absent from class (and well enough to do so) please follow the course outline, find the topic you are on and try to keep up to date by watching the supporting videos and reading notes. You should try to attempt the homework set by your class teacher. This will be communicated through teams.

Remember you can always ask a reliable friend to send you a photo of class notes

Current topics will be shared on Teams by the class teacher:

S3	S4	S5/6
Block 1 or 2 National 5 Course scheme of work can be found under National 5 S3/4.	Teacher will give specific topic. National 5 Course scheme of work can be found under National 5 S3/4.	Teacher will give specific topic. National 5 Course scheme of work can be found under National 5 S5/6.

On the following websites scroll down to find NATIONAL 5 then click on topic links.

MYMATHS: mymaths

Your teacher will provide you with a username and password for the main website and the portal. After logging in, the homepage is a library of Maths topics at all levels, use the search bar to find the topic you are on. Click on Lesson and then Online homework. You will be able to access the practice homework without signing in. Please find screenshots below to help you.

The image shows three screenshots of the MyMaths website. The first screenshot on the left shows a navigation bar with 'News' and a 'Log in' button. The middle screenshot shows the MyMaths logo and a login form with fields for 'School username' and 'School password', both highlighted with an orange circle, and a 'Log in' button. The right screenshot shows the user profile for 'Joe Bloggs' with the following details:

www.mymaths.co.uk	
School username	standrews19
School password	paisley19
Joe Bloggs	
My portal username	961
My portal password	spb
